DESCRIPTION OF INCIDENT

Look, don't try to find me. It won't work. I'm too good for that shit. I'm an essay farmer. I help rich kids cheat college papers for money. I've done it for years and served a lot of people inside whatever building this goes to. But one of them is about to do something awful.

I worked with the guy through college at Duke between 2011-2016. He used the handle "Conradin." He ended up getting a job doing something at ICE. I know because I wrote his application. Then I stopped hearing from him and forgot about it. A few weeks back, he gets back in touch with employment applications for these two other guys. He wants me to make them look cool for Fed records, but he doesn't have the language skills to forge it. He thought he redacted the names in the PDF, but I got edit access and the original file.

I'm officially warning you: these freaks he's trying sneak in make the assholes you got in there now look like Mr. Rogers. I've done digging on at least one of them, and he shouldn't be allowed near a playground, not to mention running a government child prison. And it's more than that. I think Conradin has gone crazy. The BAD kind.

I got Conradin all wrong and regret having any hand in this. I'm coming as clean as I can. He cheated his way to a diploma, lied on his resume, and submitted fraudulent employment applications. Plus, I've attached screengrabs of all the weird shit I found about the guys he's trying to hire. Link: https:[redacted]

Should be enough to strip his degree and fire him. Keep it quiet for all I care, but he cannot be allowed to continue doing this. It's bad, even for monsters like you.

So, you know, fuck off. I didn't vote for you shitheads. Do your fucking job for once and stop something awful. Don't waste time trying to find me.

EMPLOYMENT APPLICATION

ALAN RAPP

Why do you see yourself as a good fit at ICE?

I've seen what you are, and I know what you do behind your eyes when you see them. I think you are all doing what I think you are doing behind those walls. I would like in.

Where do you see yourself in five years?

In young skin. Resplendent. Like you. The world is changing, and we can be what we are now, together. Forge a heaven behind bars.

Were you referred to ICE for hire by a current or former ICE employee?

I chickened out of the whole school shooting thing, but then I saw you and your organization and dreamt of something more long-term.

EMPLOYMENT APPLICATION

TERRY SMEDLEY

Why did you leave your previous employer?

I was the target of an extremist left-wing terrorist attack of misinformation, perpetrated in cooperation with the liberal media.

Additional comments?

I would like to thank the REAL American Patriots that run GOD'S COUNTRY, the ones TOO SMART for cancel culture bullshit and dedicated to the belief that a white, pure American people must be PRESERVED FOR GENERATIONS TO COME. NOW AND FOREVER! MAGA!
